

## SEMINAR ROCK

**C** **Am**  
Looking for a place in the seminar room  
**Dm** **G**  
I beam at my colleagues cause the speaker today  
**F C F C**  
is a Big Shot, a Big Shot.  
**C** **Am Dm G**  
This is really my topic... what could go wrong?

**C** **Am**  
I promise myself to concentrate on the talk.  
**Dm G**  
I'm sure I will learn loads, nothing can stop me..  
**F C F C**  
not even Twitter, I switched off Twitter.

**C** **Am**  
There he goes now flashing his first slides.  
**Dm G**  
Uau! that was fast! a bit short for an intro!  
**F C F C**  
I wish I knew more to fill in the gaps  
**C** **Am Dm G**  
Though he'll surely repeat later if there's really need to.

**Em Dm C**  
But he's already in the fifth slide  
**F G**  
and it's only getting worse.  
**Dm F C**  
I can hear his voice talking  
**F G G**  
but do not get half of the words...

**F C**  
I cannot follow you!  
**F C**  
I cannot follow you!  
**Dm G**  
Not sure even where you are going,  
**Em F**  
not sure anyone knows,  
**Dm G**  
but you do not seem to care

**F C**  
I cannot follow you!  
**F C**  
I cannot follow you!  
**Dm G**  
and I just read all your papers.  
**Em F**  
Who are you speaking to?  
**Dm G G**  
I don't think there any hope!

**C** **Am**  
Halfway through the talk in the seminar room  
**Dm G**  
I'm going in my mind through the grocery list  
**F C F C**  
and to-do list, also bucket list.  
**C** **Am Dm G G7**  
Why am I losing my time here? I'm too far gone...

SOLO: C - Am - Dm - G  
F C - F C

C Am  
Now showing his results with some nice plots and graphs.  
Dm G  
It's too late for that! The colours won't fake it!  
F C F C  
Why don't you slow down and explain all that math.  
C Am Dm G  
Weird notation is not helping... What is tau bar???

Em Dm C  
But once he's reaching the conclusions  
F G  
and there's light in this long tunnel.  
Dm F C  
maybe I can get some points now...  
F | G G  
Nop! I don't think that's gonna happen...

F C  
I cannot follow you!  
F C  
I cannot follow you!  
Dm G  
Not sure even where you are going,  
Em F  
not sure anyone knows,  
Dm G  
but you do not seem to care

F C  
I cannot follow you!  
F C  
I cannot follow you!  
Dm G  
and I just read all your papers.  
Em F  
Who are you speaking to?  
Dm G G  
I don't think there any hope!

C Am  
Heading to the pub from the seminar room  
Dm G G7  
Life seems a bit dark, I should quit Science...

(breath)

F C  
That is the perfect mood

C7 Am7 D7 G7 Gaug7 F C  
to prepare my ta-----a-----a-----alk for next week!
